PENTECOST TO BE OBSERVED

Feast of Weeks Services to Be Held in Ogden Synagogue

By THE REV. M. FREEDMAN

The fast of Weeks or Pentecost (Shavuoth) begins on the sixth day of the Hebrew month "Sivan" and lasts two days, which will be June 2 and 3. This festival is observed in memory of the anniversary of the giving of our Law on Mount Sinai. It was customary when we had our temple in Jerusalem, that we brought our first ripe fruits and crops to the priest as a token and a sacrifice to God. Showing thereby appreciation and gratitude toward the Almighty for giving us every thing and supplying us with all our wants, and according to our wishes, and because there passed seven weeks from the second day of Passover till the festival of Shavuoth, therefore, it is called the feast of "Weeks." The term used in Hebrew for the first fruits is "Bikkorin" and the name of the sacrifice is "Omer." This holiday should be celebrated with joy and thanksgiving because it was on this day that God revealed on Mount Sinai and gave us his commandments which set the stars above sparkle, and bring light to all who keep them and observe them properly.

Services will be held at Congregation Brith Sholem Synagogue on Thursday evening at 8 o'clock, Friday morning at 9 o'clock, Friday evening at 8 o'clock, and Saturday morning at 9 o'clock. Memorial services will be held Saturday morning at 10:30 o'clock.

William Allison, former superintendent of the Ogden city schools has given his entire library to the city libraries. This announcement was made yesterday by Miss Dora Smith, librarian of the Ogden high school, who said:

"The libraries of the city have all been made richer by the gift of William Allison, former superintendent of schools. His entire private library of more than 1000 volumes has been given to the high school library to be divided between the public library and the schools of the city. To the public library were sent all juvenile books. Books of reference and all others suitable for junior high school students were sent to the Central Junior high school, where the new library room is to be open all summer and will be available to all. The remainder were kept in the high school. These books comprised complete sets of Bret Harte, Eugene Field, James W. Riley, R. L. Stevenson, Kipling, and hundreds of others equally valuable. Counted in dollars this gift represents hundreds—counted in value to the students, its worth is incalculable."

FARMERS BAN COAST TUBER

Commission Men, County Inspector Says, Resisting Petition

The majority of the farmers in Weber county are in favor of the state prohibiting the shipment into Utah of California potatoes without inspection. Local commission men, however, are using their influence to prevent the prohibitory order from going into effect.

These statements were made yesterday by D. J. Hammon, crops and pests inspector for Weber county who said that he had been circulating a petition among the farmers for their signatures to prevent California potatoes from being sent here without inspection.

This, he said, was necessary if the farmers in Utah were to be protected against the menace of the California tuber moth which is causing considerable damage in that state.
